"WE DO WHAT WE ADVERTISE"

LIVELY ROW AMONG WEST TIJERAS NEIGHBORS

Two Men Appear to Charge That Woman Used Bad Language and Threatened to Shoot.

FINES ASSESSED AGAINST SEWER LAW VIOLATORS

Louis Clanton, owner of a house at 714 West Tijeras avenue, and Percy Hawley, a tenant, appeared in police court this morning as prosecuting witnesses against Mrs. E. Renaud, also a tenant of Clanton's, charging that Mrs. Renaud had violated the city ordinance in using violent and profane language against them. The hearing attracted a considerable crowd into the court room, the prosecution, conducted by T. N. Wilkerson, introducing a number of witnesses to prove that Mrs. Renaud had used unbecomingly language toward the two men, and also against James Smith, a constable, who attempted to serve an eviction order on her.

Mrs. Renaud and her husband were the only witnesses for the defense, which was conducted by Attorney W. C. Hancock. Hawley charges that Mrs. Renaud had circulated defamatory statements about him among neighbors and that he went to the house Friday and again Saturday morning, to remonstrate with her and to ask to see her husband. He swore that she called him several rather unpleasant names and threatened to go in the house, get a gun and shoot him. Clanton, who owns the house, swore that he was attracted by the altercation with Hawley and went to the rescue, only, he says, to be met with a similar display of verbal pyrotechnics and a threat to shoot. He then says that he sought to have Mr. and Mrs. Renaud, who have been his

tenants for nearly ten years, and whose rent was paid up to February 1st, evicted from the house.

Both Mr. and Mrs. Renaud attempted to show by their testimony that the two men waited until the husband was gone to work and then began the trouble with her. The woman and her husband both testified that she had been ill and under a doctor's care for six years. Smith testified that he went to the house about noon Saturday to serve an eviction paper and that Mrs. Renaud refused to accept service and when he threw the paper in the house, she slammed the door in his face and called him names.

F. Shafer, custodian of Robinson park, testified that he lived upstairs in the Clanton house and heard Mrs. Renaud call Hawley some unpleasant names. He could not remember whether or not it was Saturday morning or afternoon.

SEWER ORDINANCE VIOLATORS GET SUSPENDED SENTENCES

E. H. Dunbar, as agent for two houses, Ben Sanchez, Nick Metz, A. Viviani, and one or two others, were before the court this morning to answer charges of having failed to connect with the sewer brought by Building Inspector Morgan. The court after hearing Mr. Dunbar, who showed that installation had been made in one house and that he was waiting for his principal to put up the money for the other connection, assessed a fine of \$25 against each of the defendants, suspending it for one week when, if connections have been made, the fine will be remitted.

John Newlander, arrested yesterday afternoon on complaint of his wife for disorderly conduct, was before the court and was given thirty days in jail, the court suspending the sentence during good behavior.

Evenelio Hernandez, Yacabell Rodriguez, Jose Gutierrez and Alberto Casado, all natives of stormwreck Mexico, and on their way back to join the standard of Villa, or others, were found guilty of being vagrants and given ten dollars or ten days.

Casimiro Gallegos was fined \$10 for being drunk.

John Goetz and Ed Bell, who showed they had been employed by the Santa Fe at Winslow and were here to get their pay checks, were dismissed.

Teodoro Chaves, an old offender, drew \$20 fine or as many days in jail. John Drans, a "sleeper" was dismissed.

Theatrical Manager Dismissed.

Refusing to return to Arizona without extradition, L. E. Bishop, manager of Bishop's comedy players, arrested here yesterday on an embankment charge preferred by the sheriff at Flagstaff, where the company is stranded, was released. The Arizona officer wiring Chief McMillan that the case did not warrant the

expense of extradition, Bishop says he can get himself and his company out of the hole as soon as he can find an engagement.

Joan Jacobo Padilla yesterday appeared from the decision of Justice of the Peace Gaspar Garcia of Santa Barbara precinct, charging him with drunkenness and disorderly conduct and sending him to the county jail for thirty days; appeal bond being furnished in the sum of \$200.

FACTS AND FICTION.

Experiences of Albuquerque Citizens Are Easily Proven to Be Facts.

The most superficial investigation will prove that the following statement from a resident of Albuquerque is true. Read it and compare evidence from Albuquerque people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Albuquerque endorse Doan's Kidney Pills.

H. B. Schuster, 2004 S. 24th St., Albuquerque, N. M., says: "In my work it is frequently necessary to do some heavy lifting. This constant strain began to tell on me. I had sharp twinges in the small of my back, I had headaches and dizzy spells and was in bad shape. I had often heard Doan's Kidney Pills recommended and I gave them a trial. The first box strengthened my kidneys and drove away all the aches and pains. Since then, I have taken Doan's Kidney Pills when I have needed a good kidney medicine and they have never failed me."

TONIGHT IS THE BIG NIGHT AT THE AUTO SHOW

Society Expected to Turn Out en Masse for "Society Day" at the Armory; Photographs of Exhibits Made.

Tonight, "Society night" is expected to be the big night at the Albuquerque automobile show, a number of out of town visitors being expected. In addition to the society folk of Albuquerque, Mrs. W. C. McDonald has indicated that she will head a party of ladies who will come down from Santa Fe this evening, most of the ladies being wives of state officials, and Albuquerque ladies are expected to turn out in large numbers.

This morning the exhibitors made a careful re-arrangement of their booths putting them in shape for the photographer, who took a picture of each booth, and also in preparation for the visits of the ladies tonight.

The attendance last night showed some three hundred paid admissions, and this, it is expected, will be largely increased tonight. A number of new faces were seen this morning among the automobile factory representatives, including several general agents of well known automobile accessories.

The show will close tomorrow. "Good Roads Day" and a pressing invitation will be extended to every one to attend the show. An especially elaborate showing of road pictures has been arranged for tomorrow night.

Tonight there will be the usual attractions in music and pictures and a number of special entertainment features have been arranged.

NEW NIGHT SCHOOL A SUCCESS FROM THE START

Fifty-five Students Ranging in Age from Fourteen to Fifty Enrolled at Initial Meeting Last Night.

The board of education's new free night school, organized last night at the Central school building, is a success from the start. CHALK-TALKER TO LECTURE HERE

Cartoonist and Lyceum Lecturer of International Fame to Make Eight Addresses in Albuquerque This Week.

Mrs. Maude L. Greene, cartoonist and lyceum lecturer of international renown is booked for eight addresses in this city Friday, Saturday and Sunday of this week.

Mrs. Greene will arrive on the west bound train over the cut-off Thursday evening at 3:40, and will be a guest in the D. A. Porterfield and Pitt Ross homes during her stay.

Sunday afternoon at 4 o'clock in the Central school building Mrs. Green will address the Citizens' league and

all others who wish to hear her and see the clever chalk illustrations that have won for her the sobriquet of the "wizard of chalk-art." There will be no admission fee to this or to any of the lectures. A collection will be taken and those who desire, may contribute something toward defraying expenses.

The "Herald" of London, England, says of Mrs. Greene:

"Mrs. Greene is a fine artist, and wields the crayon with skill, using right, left or both hands at once with equal freedom. Beautiful and humorous scenes grow with lightning rapidity under her clever fingers, while her words, full of earnestness or sparkling with humor, keep pace with her crayons."

The students of the high school, the eighth grade, the United States Indian school, the Menaul school, and the Harwood Girls' school, are to hear addresses from Mrs. Greene. She will also lecture to the Parents-Teachers' association, and the W. C. T. U. From this city the cartoonist goes to Santa Fe to give a series of lectures and thence to Las Vegas and other towns of New Mexico, Arizona and Texas.
